

PARAGON ERRATA

As we develop our games, we try our best to double-, triple-, and quadruple-check everything, but inevitably things slip through the cracks. Therefore, this errata will be updated, as necessary, as any tweaks or changes are found. Simple typographical or layout issues are not indicated here, but any rules changes or clarifications are. All PDF versions of our books will contain all the latest errata, as given in each revision listed below. On-demand print books will also be updated with the latest errata.

You can locate your Paragon revision number on page 2 of your book (on the back side of the title page), just below the copyright notice.
